WHAT YOUR TEACHER BRINGS BACK

- **Lessons ready for Monday.** Strategies and resources to run in the next lesson, not next term.
- **Music technology and AI**, from looping and samplers to building songs in a DAW, made classroom friendly.
- **A year of resources** for the department: Just Play, Play Alongs, Beats and more.
- **Confidence with new styles** and tools, whatever their own musical background.

WHY IT IS GOOD VALUE

- **Hands-on, not lecture-based.** Teachers play, create and reflect, the way their students will.
- **Grounded in Musical Futures:** Explore, Recreate, Create. Inclusive practice that reaches every student.
- **Certification eligibility** at three self-selected Musical Futures levels.
- **A regional network** of international school music teachers that lasts beyond the two days.
